

EDISON K8: 3rd Grade Learning Goal

All students will make at least one year of growth in reading.

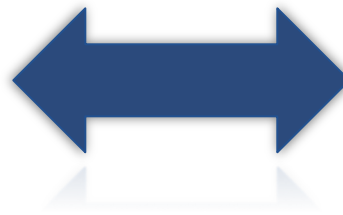

At School

- Teachers will administer benchmark reading assessments at the beginning, middle, and end of the year to gather data that will inform targeted small group instruction
- Teachers will provide parents with a letter explaining their child's current reading level and their target reading benchmarks for the winter and spring and an informational packet of sample texts of each reading level
- Teachers will engage students in self-monitoring and goal setting around reading benchmark levels

At Home

- Students should be reading at home every single night- Make it a routine family activity!
- Ask your child to tell you about their books! Who is the main character? What is your favorite part of the story?
- Talk to your child about the reading goals they have set. What is their current goal? How do they think you can support them at home?

Sample Question to ask:

What is the problem in your story? How do you know that?
