

# Join our Edison K8 Family!

## OUR COMMUNITY

The Thomas Edison K-8 School provides a nurturing, safe, and stimulating environment for children to grow and learn. Edison students learn to read, write, compute, and problem solve through high expectations and a rigorous curriculum. Our five core values of **Respect, Responsibility, Resourcefulness, Righteousness, and Rigor** are taught and celebrated throughout every school day. We believe parent involvement is essential to high student achievement, and the Edison K8 is committed to creating a sense of belonging for students, families, and staff.

We also believe in the power of an arts curriculum. All students receive fine art, music and theater instruction and have the chance to learn an instrument, act in a play, or sing in a chorus. During the school year students have multiple opportunities to perform for other students, family members, and friends.

**Our doors are always open!**  
Call **617-635-8436** to arrange a  
tour!

## KINDERGARTEN AT EDISON K8

Learning starts on the first day of kindergarten! All of our kindergarten classrooms are **NAEYC accredited** and our teachers bring enthusiasm and passion to the Edison K8 every day. With a focus on fostering a love of learning, kindergarten at Edison K8 sets students up for success in the years ahead.
